TENSION INCREASES REBEL HALF-CIRCLE AROUND MADRID

GOVT. COMMUNICATIONS OPEN

3,036 INSURGENTS REPORTED KILLED ON SOUTHERN FRONT

Madrid, To-day.

No. 29,452

It is believed here that the insurgents' great thrust on Madrid will come from the south-west via the Tagus Valley. The insurgents at present have only thrown a semi-circle round Madrid. The other half-circle is open, enabling the Government to communicate by rail with Catalonia and the south-eastern provinces. The critical railway junction south of Madrid is Aranjue, 62 miles from the nearest insurgent outpost of San Tolalla. The efforts of the Government will henceforth be concentrated on preventing the insurgents' closing the circle round the capital.

A Government communique issued at midnight claims that 3,036 insurgents were killed in a battle on the southern front following an insurgent attack launched by Moroccan troops and Foreign Legionaries. - Renter.

ITALIAN COMMENT

"CHINA MAIL" SPECIAL

Rome, To day The English memorandum for the Five-Power Conference is being studied in the Foreign Ministry, while the fact is emphasised in well-informed circles that a thorough preparation for this conference is es-

sential.

In a leading article, entitled New Diplomatic Phase clares that should Germany de just all the Sino-Japanese out mails to and from Canton from mand the removal of consequences of the Franco-Russian Alliance as a step in preparation for the Conference, Italy could also wish for other reasons that the background of the Locarno Powers be clarified. paper then brings a long list evidence, purporting to support the view that England is working for a system of alliances that could be used against Italy should she be declared the aggressor. OPPOSING VIEWS

Paris: From remarks that the Premier, M. Leon Blum, let fall to pressmen, it seems that the conversation between him and the British Foreign Secretary, Mr. Anthony Eden did not result in such complete unanimity as was first indicated to the press. In British circles here the impression prevails that no very tangible results were achieved. M. Blum, so mises of the Revolutionary Soit is indicated, tried to win Mr. Eden over to the belief that (Continued on Page 5)

FREEMAN CREATES CRICKET UPROAR

CRITICISM OF FARNES' UNFAIR BOWLING

"Tich" Freeman, star and, it only now remains for the slow bowler of Kent, and Kenneth Farnes, star different grounds to be allotted fast bowler of Essex, are in the storm centre.

After the recent Essex v. Kent game at Southend "Tich" Freeman, writing in a Kent newspaper, alleged "unfair" bowling by an "Essex amateur," who, everyone agrees, must be Farnes. Essex cricketers are very seriously upset. The County Committee is to be asked to take action.

Freeman referred to "comments passed by several of Kent's players on the bowling," and added: "This bowling in our opinion was definitely unfair. Both Watt and Fagg were hit, and others would have been had they not taken the only alternative and quickly terminated their innings "Five balls out of the normal six bowled by the player in question pitched less than half-way down the pitch. The opinion was that the sooner we said 'Good-bye' to Southend under these conditions the

Mr. B. K. It is obvious that Freeman is referring to Kenneth Farnes. I was present at the match and completely deny his allegations that any of Farnes' or anyone else's bowling was unfair. Many other people who also attended the match agree with me, and it is likely that the matter will not be allowed to

Round Of 73 Despite A Six At Tenth

London, August 29 .- At Southport, the fifteen-year-old Irish boy, James Bruen of Cork, played amazing rolf in beating William Innes of Scotland, 11 up and 9 to play, over seventy-two holes in final of the British Boys'

Amateur Championship.
Bruen led 7 up at the end of the first round which he did in 73, despite a six at the tenth where he had an unplayable lie and picked up his ball. He went out in 35, three better than scratch.

BLACKPOOL'S FINE RECORD

London. To-day. Blackburn Rovers and Fulam recorded the "double" yesterday in the Second Division of the Football League, Blackburn following up their away win over Sheffield United' on August 31 with a 3-1 home success, while Fulham again beat Burnley by two clear goals. Blackpool surprised

Spurs at White Hart Lane and thus secured three out of a pos sible four points from the Londoners. Blackpool have a 100 per cent. away record, having beaten Leicester. Norwich and the Spurs.

Millwall easily accounted for Gillingham in the southern section and have now been unbeaten in their last six games they opened the season with a home defeat at the hands of Bristol Rovers.

Quite recently he was out swimming with some friends and, even before he had time to change, he noticed a Chinese in difficulties in the water. Without hesitating, Clark jumped in, fully dressed, and pulled the man to safety.

Rumjahn Still Swimming

A. A. RUMJAHN, formerly of the Victoria Recreation Club, is making a name for himself in the aquatic world in Tientsin, where he is regarded as one of their best sprint swimmers. His many friends will be glad to hear that he still kneps up with his tennis, though he has more or less forsaken cricket. He used to be a good left-hand spin bowler.

Guterres' Bad Luck IT is decidedly hard lines on Joe I Guterres that he should have. been taken ill just before the Open Championship events at the Victoria Recreation Club annual swimming sports as he is regarded as one of their most promising swimmers. More should be heard of him in the future.

New K.I.T.C. Forward THE Kowloon Indians' Tennis Club have secured the services of an excellent centre-forward for the coming hockey season. He is Pyara Singh, who captained the Khalsa College team in 1933 and who played for the Combined Punjab team against Kabul in 1934.

A Supporter For "Hakka" A list has been posted up on the Police Recreation Club notice board with the request that those intending to take part in the International Shield (lawn bowls) tourney should sign their names of it, together with the name of the country they are qualified to represent. Amongst the names on the list is that of J. Orem, who has "Hakka" opposite his signature "Hakka" being the Chinese equivalent to Scotch!

Those Night Chibs

Jack Sharkey's gallant attempt to comeback met an abrupt and ignomizous end against the leaden fists of Joe Louis in the Yankee Stadium, New York City, last month. The fight lasted less than three rounds, and Sharkey had been given so much punishment by his youthful opponent that Referee Arthur Donovan stopped the bout after the third round had gone one minute and two seconds. This picture shows Referee Donovan motioning Louis to his corner.

Swimmers Invading Canton

THE local Chinese bathing clubs will soon be sending an aquatic team to Canton to compete against the best that city has to offer. These games will help to determine the selections for the National Meet which, I understand, will be held in Shanghai in October, the opening day being fixed for the Double Tenth.

Hong Kong Reel Club's Decision

HEALTHY FINANCES REPORTED

The Hong Kong Reel Club's annual meeting was held at the Helena May Institute yesterday and thanks to the healthy state of its finances, it was unanimously agreed that no entrance fee need be paid in the future.

In the election of officers, Mr. A Stevenson, a past-President, proposed Mr. Robertson as the new President to take the place of Mr. A. D. Wyllie, at present in Britain. The motion was seconded by Mr. A. McKellar, the Hon. Treasurer, and passed unanimous-

Miss J. Dalziel and Mr. W. L. Alexander were then elected as Vice-Presidents, after which the Hon. Secretary. Mr. T. P. Saunderson, and the Hon. Treasurer.

Rule Altered Nominations for the committee were taken en bloc, and Misses C. Ferguson, F. Stevenson and E. Thomson and Messrs. D. L. Prophet, G. A. Stewart and W. R. Forsyth were elected.

Mr. Robertson prop & that Rule 17 be altered, and the words an entrance fee of \$2 on election and" be deleted. He declared that they could "easily wipe out the entrance fee as the club was in a very sound position." This proposal was seconded by Mr. Stevenson and unanimously passed.

As there was no other business to discuss, the meeting ended, following a remark by Mr. Robertson that the committee had a number of dance records which they would be pleased to lend to mem-

Story Of A Faithless Friend

PLEA OF GUILTY

A story of 11 years of married bliss, the faithlessness of the forgiveness of erring wife by her husband and his taking her back, with all her Detective-Sergeant J. Johnston, when Lam "Chueng, aged 23, unemployed, was charged before Mr. S. F. Balfour with adultery with Kwan Kwan-ying, a married woman, on divers dates between September 6 and September 10 at No. 111 Temple Street.

Defendant pleaded guilty and was fined \$50, in default six week's hard labour.

Detective-Sergeant Johnston said that the complainant. Lo Yau-pin, the husband, left China 27 years ago for Java and by dint of hard work and a fair amount of luck prospered. Eleven years lived happily with their three children.

About 18 months ago the defendant became acquainted with the family and the association developed into friendship. He was well received at all times and often had his meals with them. A year ago, complainant returned to China to visit his aged mother and left his wife to manage the business-a Coffee-shop. -Later he received a letter from a friend informing him that his wife and defendant were carrying on the business and that their behaviour was not quite proper. He immediately returned to Java to investigate, but on arrival there found nothing to substantiate the rumours.

which he eventually did.

NEW YORK STOCK MARKET

Selling Likely To Result

SUGGESTED HOLDING FOR TRADING PROFITS

Messra White Weld and Company, New York Correspondents for Messrs. S. E. Levy and Company report:-

Stocks: With the stage all set and the volume of expanding industrials failing to confirm the new high level of rails, we believe that selling is likely to result and we would hold for trading profits until the market appears ready for a new attempt. We must admit that the action of to-day's market suggests a conservative attitude for the time being. Business donc:

-1,770,000 shares. Wheat: The prevailing sentiment continues to be favourable and large Canadian exports are being eagerly taken by Europe. The scarcity of supplies as compared with the volume of the World's demand is still an outstanding factor and we look for further increases in prices in the near future. Total sales:-11,342,-000 bushels.

Cotton: The publication "Commodity Research" states that, with the vast reduction in cotton supplies during the past few years and the high manufacturing activity, an intensified demand can be visualised as a price-raising influence and a continued upward trend is accordingly anticipated. We share this view and we would concentrate on purchases.

Flash: The Southern Pacific Corporation for the seven months ending July 31st. has earned 35 cents per share, as compared with 2 loss of \$2,999,791 for the same period of last year.

The Brooklyn Manhattan Transit Company has declared a dividend of \$1 per share. Steel Mill production for the past week is estimated at 74.4 per cent of capacity.

CANADA'S WHEAT PROSPECTS

Larger Carryover Expected

BACK TO NORMAL POINT Ottawa. A wheat harvest between 210 and 225 million bushels, as compared with averages of about 375 millions and a high peak of 566 millions (1928), appears to be in sight for Canada this year. Early threshing returns suggest that the wheat will be of the high quality which has made this product

famous all over the world. As Canada has reduced her carryover to the lowest point six years, the prospects are that when this harvest is disposed of, a normal carryover will again be achieved. Canada normally requires from 100 to 115 million bushels for domestic requirements, so that only about 100 million bushels of the 1936 crop will be available this year for export. In addition about 115 million bushels from previous harvests were on hand at the beginning of the new crop year.

Spotty Distribution The distribution of the crop is very spotty, and large areas have C. Light (Old) \$151/2 h., \$151/2 no harvest at all. Several million acres will either be cut for feed C. Lights (New) \$111/2 b. & sa. or else yield little more than seed. The regions where the harvest is very heavy are limited. Fortunately dry weather is prevailing in the harvesting weather, and the loss from this cause does not at Car present seem to be very threaten- Cel ing. Dry weather also kept down the rust menace, which a year ago took a very heavy toll from Cana- Cur dian fields. Nearly all the spring wheat in Gari

Canada is produced on the western prairies, and the winter wheat is grown in the cast. The total production of the latter amounts to about 12 million bushels.-Reuter.
